

# FALL 2009 NEWSLETTER

Hello everyone,

I swear it was just yesterday that we were chomping at the bit waiting to get on the diamond and now the final games have been played the trophies have been handed out, the end of another season. This season threw many curves at us, one being Mother Nature and her constant rain and the other was a lack of volunteers. Mother Nature made scheduling a very difficult task this season but we managed to muddle or should I say puddle through. The lack of volunteers on the other hand made it a very difficult season. The few volunteers we did have had to work extra hard to make sure the season ran as smoothly as it did and we owe them a very large thank you for all of their hard work. Volunteers run this league and this year we only had one convenor which made tallying the year end rankings very difficult for all the divisions. The day of champs and HL tournament were successful but again we had a total of 5 members assist in getting these very large events underway. I realize we all have busy schedules but the more volunteers we have the less work it is for everyone involved and the more we can do for the kids because that is who this is all for. Our kids need us to step up and give them the baseball season they deserve so this is my challenge to you. Please come out to the AGM and step up either to a board position or offer a board member your help. It is incredible what a bit of your time can accomplish. So we will see you at the AGM and then on the field in the spring!! Have a safe winter and a great holiday season!!!

Yours in baseball,

Wayne Peddie - President
