

## Tottenham & District Soccer Club News

Dear Parents, Players and Coaches,

This past winter has resulted in some great changes for the upcoming 2009 soccer season. TDSC and Cobras FC are proud to announce that the Alliston Soccer Club, led by new club President, Ann-Marie Craig, has joined our clubs in all our soccer programs which began in 2007. The Alliston Soccer Club has joined forces with TDSC and Cobras FC in our continued development of competitive soccer under the South Simcoe United FC banner. South Simcoe United enjoyed tremendous success during its inaugural season in 2008 and looks forward to even more successes for the 2009 season with the complete support of the Alliston Soccer Club in supporting all of South Simcoe United's competitive programs.

For the 2009 House League Season TDSC, Cobras and ASC will be joining forces with the launch of a new soccer "Local League" at the U9/10 and U11/12 (Boys & Girls Divisions). This is a program which was started in 2008 at the U9/10 Division between TDSC and Cobras FC. This season the "Local League" will encompass all three clubs at both age groups. The "Local League" will consist of a 14 game season with games played against our two neighbouring clubs. The season will culminate with both a League Champion and a year end Tournament Champion. Once again we enjoyed great success during the 2008 season and with the addition of the ASC this "Local League" will only be enhanced.

2009 will offer all players participating in this great sport of soccer in our community the opportunity to play the game on a level playing field at the U9/10 and U11/12 Division while enjoying limited travel within the Town of New Tecumseth and Essa Township. Negotiations are continuing to potentially include the Schomberg Soccer Club and the King City Soccer Club in the U11/12 Division. This will provide a more desirable variety of competition while still playing on a level playing field and keeping travel to a minimum. Please stay tuned for updates.

Online registration is now available for the 2009 season. As always the Tottenham & District Soccer Club is looking for volunteers. This Club is run by a dedicated group of Executive members but we are all required to chip in to ensure that all of our players have an enjoyable soccer experience. If you are interested in coaching, reffing, helping out during our annual tournaments or lining fields please do not hesitate to contact the Club. This is our community based soccer club and your involvement as parents, players, coaches and fans is necessary!!!!!!

Look forward to seeing everyone on the pitch over the summer.

Sincerely,

Chris Barnett  
President, TDSC
